

ETD410 LABELLING SET

Labelling system with legal-for-trade GI410 indicator, GODEX RT700i label printer and USB keyboard

INDICATOR + LABEL PRINTER

LABELS UP TO 108 MM

STAINLESS IP54

OIML III / IV

DESCRIPTION

The ETD410 set combines a stainless steel GI410 indicator, a GODEX RT700i label printer and a USB keyboard: it connects to any weighing platform for legal-for-trade weighing and labelling, as the indicator is approved.

The printer works by thermal transfer or direct thermal, with colour display, 300 m ribbons and labels up to 108 mm wide. Formats are designed with QLabel software, loaded by USB and then used with the keyboard alone.

The GI410 has a 25 mm red LED display, IP54 protection, tilting wall bracket and 2 RS232 outputs.

CONSTRUCTION AND STANDARD EQUIPMENT

- Stainless GI410 indicator, IP54, 25 mm red LED
- GODEX RT700i label printer (thermal transfer / direct thermal)
- USB keyboard to work without a PC
- QLabel label design software included
