

GI400 LCD WEIGHT INDICATOR

Legal-for-trade weight-tare indicator with stainless steel housing and backlit LCD display with 40 mm digits

OIML III/IV APPROVED

STAINLESS HOUSING

LCD 40 MM

IP54 / IP65 / IP68

DESCRIPTION

The GI400 LCD is a weight-tare weight indicator from Baxtran's GI series with a stainless steel housing, backlit LCD display with 40 mm digits and approval to 6,000 divisions OIML class III and IV: connect it to a platform and turn it into a legal-for-trade scale.

Available in IP54 / IP65 / IP68 versions and with 12 V supply. It includes a tilting wall bracket, runs on 230 V and works in single range, multi-range or multi-interval.

Its keypad gives direct access to zero, tare, gross/net, totalisation and printing, and the counting and target-weight checkweighing functions make it useful for production control too.

CONSTRUCTION AND STANDARD EQUIPMENT

- Stainless steel housing (IP54 / IP65 / IP68)
- Backlit LCD display with 40 mm digits
- Tilting wall bracket included
- 230 V mains supply (12 V versions)
