

## GODEX LABEL PRINTER

Thermal-transfer / direct-thermal label printer with colour display, USB keyboard and labels up to 108 mm

THERMAL TRANSFER

108 MM LABELS

USB KEYBOARD

RS232 / USB / ETHERNET

### DESCRIPTION

The GODEX label printer prints weighing labels up to 108 mm wide by thermal transfer or direct thermal, with barcodes, logos and customisable fields.

Colour display and control panel for quick set-up. With a standard USB keyboard it works stand-alone: choose the format before weighing and, if needed, enter batch, ingredients or other data. Internal real-time clock to date the labels.

Includes Qlabel label design software; formats are stored in the printer via USB. 300 m ribbons. RS232 data input and USB 2.0, RS232 and Ethernet 10/100 interfaces.

### CONSTRUCTION AND STANDARD EQUIPMENT

- Thermal transfer or direct thermal
- Colour display and control panel
- Qlabel software included
- USB 2.0, RS232 and Ethernet
