

REMOTE WEIGHT DISPLAY

Remote weight display with 80 or 130 mm LED digits to read the weight from a distance

REMOTE DISPLAY

80 / 130 MM LED

STAINLESS OR PAINTED

LONG-DISTANCE READING

DESCRIPTION

Baxtran remote displays show the weight in large digits to read it from afar: from the forklift, across the dock or from the cab. They connect to the indicator data output.

Three versions: AISI 304 stainless steel housing with 80 mm LED digits, AISI 201 stainless housing with 80 mm digits and painted steel housing with 130 mm LED digits.

Ask us about compatibility with your indicator.

CONSTRUCTION AND STANDARD EQUIPMENT

- Large LED display (80 or 130 mm)
- AISI 304 or AISI 201 stainless steel housing
- Painted steel housing on the 130 mm version
- Connects to the indicator data output
