ZFZ FLOOR SCALE

4-load-cell 1,500 or 3,000 kg scale with checker plate and BR15 indicator

4 LOAD CELLS | 1,500 / 3,000 KG | CHECKER PLATE | BR15 INDICATOR

DESCRIPTION

The ZFZ is a 4-load-cell floor scale for weighing pallets, cages, drums and bulky loads of 1,500 or 3,000 kg. It sits directly on the floor and is levelled with its adjustable feet.

The steel structure has a 3.5 mm checker top plate, black enamelled, so pallets do not slip. The nickel-plated steel load cells and ABS junction box are IP66-rated and the platform comes with a 4 m cable.

It is supplied with the BR15 indicator: 30 mm backlit LCD, sealed keypad, RS232 output for PC or printer and a rechargeable battery lasting up to 120 hours, so it can work away from a socket.

CONSTRUCTION AND STANDARD EQUIPMENT

- Steel structure with 3.5 mm black-enamelled checker plate
- 4 nickel-plated steel IP66 load cells and IP66 ABS junction box
- BR15 ABS indicator (IP54) with 6-digit 30 mm backlit LCD and 6 V/4 Ah battery lasting up to 120 h
- Adjustable feet, 4 m cable and RS232 output
