ISLAND WINE COOLER, 1 AND 2 DOORS

Refrigerated 360° display wine cooler for restaurants, hotels and wine shops

360° DISPLAY

1 OR 2 DOORS

2300 / 2600 MM

GREY OR BLACK

DESCRIPTION

Refrigerated wine cooler with four glass sides to stand in the middle of the room: bottles can be seen from every angle and the unit works as an island or a room divider.

Fan-assisted cooling for an even temperature. On 2-door models each compartment is independent, with its own digital thermostat, to keep different types of wine in the same unit.

Supplied without shelves: the layout is chosen to suit each project and sets the capacity, from 63 to 168 bottles per compartment at 2300 mm and from 77 to 210 at 2600 mm.

CONSTRUCTION AND STANDARD EQUIPMENT

- Double glazing with air chamber; heated door glass and frames.
- Warm white LED lighting in the corners, dimmable.
- Key lock and stainless steel handle.
- Natural refrigerant R-290; tropicalised construction.

KEY DATA

Doors	1 or 2	Heights	2300 / 2600 mm	Widths	862 / 1697 mm
